The required limit of liability with a combined single limit for third party legal liability and passenger legal liability shall be in accordance with conditions of the European rule CE 785/2004.

Third party liability (bodily injury and property damage) coverage must contain no deductible.

It will be possible to subscribe to a temporary insurance policy, in accordance with the requirement of the event at the Welcome pilot desk (please advise).

Co-pilot(s): A crew can have several pilots. Each pilot must fill in a distinct form. There is no extra cost for the registration of one or several co-pilot(s).

Passenger flights and/or commercial activities: Participating pilots agree not to conduct any passenger flight (free and/or full-fare) or other commercial activities without having previously requested written authorization from the organization.

Briefing: Participation in pilots' briefing is mandatory in order to take part in a flight during the event.

Competition: To take part in an event competition, the pilot must present his candidacy and agree without reservation to abide by the regulations of that particular competition. Prize award Ceremony on Saturday, July 29th.

Registration validity: Registration, subject to the organizer's approval, will be accepted upon receipt of duly filled in registration forms and payment.

The information declared on registration files shall be checked.
